

VANQUISH UHPLC Columns

Delivering Powerful Separations

The Thermo Scientific™ Accucore™ Vanquish™ and VANQUISH UHPLC columns were developed to complement the performance characteristics of the Vanquish UHPLC system. They provide greater selectivity and format flexibility, in combination with the increased chromatographic efficiency of lower particle sizes.

The UHPLC column and system solution allows you to achieve the best possible results for your application by delivering:

- **Better Separations:** High efficiency enables separation of very complex mixtures
- **More Results:** High efficiency at high flow rates
- **Easier Interactions:** Seamless workflow solution, for simple and easy separations

Find out more about how the Vanquish UHPLC system and VANQUISH UHPLC columns can improve your workflow at:
